

Basit Ali

Backend Engineer and AI Engineer | Islamabad, Pakistan | basitaliaps@gmail.com | github.com/basitali0318 | linkedin.com/in/basit-ali-aps

SUMMARY

Backend and AI engineer working with Node.js, NestJS, TypeScript, Prisma and PostgreSQL, and building AI workflows with LangChain, LangGraph, RAG pipelines, MCP and n8n.

EXPERIENCE

Backend Engineer and AI Engineering Fellow SustainStrat Analytics (SMC-Private) Limited, Islamabad | [start] 2026 to Present

- Built a process flow analysis engine for BPM and Digital Twin modeling. [metric]
- Develop backend services and AI workflows for the analytics platform. [metric]

Backend Engineer Intern Dovigo Talent Center | Sep 2025 to [end]

- Built REST APIs with Node.js, NestJS and TypeScript on PostgreSQL through Prisma ORM. [metric]
- Implemented role-based access control for protected endpoints. [metric]

Frontend Development Intern NICAT, Rawalpindi | Summer 2023

- Built React interfaces backed by Firebase. [metric]
- Implemented JWT-based authentication for user sessions.

PROJECTS

Testomatic (Testify.ai), team final year project LangGraph, Playwright, Llama 3.3

- AI-powered UI testing platform with LangGraph-based DOM mapping and LLM-driven test generation.
- Built the Python backend in the early phase, before the team moved to Angular and Electron because of browser sandboxing limits.

Digital Twin / BPMN Flow Analysis Engine SustainStrat Analytics

- Process flow analysis engine for BPM and Digital Twin modeling. [metric]

BPMN Generator

- Tool that generates BPMN process models. [metric]

Chess Web Application Stockfish WASM, Firebase Realtime Database

- Frontend-only app with a Stockfish AI opponent and Firebase-backed multiplayer.

AI Search and Rescue

- [add one line description]

SKILLS

Backend: Node.js, NestJS, TypeScript, Python, Prisma ORM, PostgreSQL, RBAC

AI and Automation: LangChain, LangGraph, RAG pipelines, MCP, n8n, Claude API

Testing: Playwright, LLM-driven test generation

Tools: Nginx, Firebase, JWT, Claude Code, React (basic)

EDUCATION

BS Software Engineering, Bahria University Islamabad. Graduated June 2026.

CERTIFICATIONS

Anthropic Academy: Build with Claude API, Claude Code in Action, Intro to Agents, Intro to MCP
